Our summer camps are four-day day-camps where kids can learn, play and explore nature at our outdoor nature center. Groups are small and we keep a kids/leader ratio of 6/1 or less. Come get dirty with us while learning about nature and ourselves!

THE ENCHANTED FOREST

June 24th-27th 2024
5-8 year olds

Magic abounds in the woods of the Nature Center. We will explore hidden nooks and crannies, looking for signs of magic and the creatures who created them, build them houses, leave them gifts and make crafts in their honor. In this semi-structured camp, children will be given a balance of structured activities and opportunities for free play and supervised exploration of the forest. Campers will create enchanted-forest themed crafts using mixed media. This camp is a safe, supportive space for younger campers and will include opportunities for everyone to participate and make new friends.

WILDWOODS

July 1st-5th 2024
(no camp July 4)
5-14 year olds

Calling all wild children! Back by popular demand! If you want to run through the woods, build forts, play 30 different types of tag, track animals and spend all day in the mud then this is the camp for you. This camp is ideal for high energy kids who always want to be on the move. There will be a variety of crafts, art activities, and movement games. We work with campers to support their individual needs and create activities based on their needs and interests.

DEMI-GODS IN TRAINING

July 15th-18th 2024
7-14 year olds

Will this session be lead by Centaurs? Can you take on Medusa with your eyes closed? Will you best the Cyclops? Mythology will infiltrate our games, our crafts and our imaginations in this mythology-themed camp. We will include Greek mythology, Egyptian mytholgy, and Norse mythology in our camp activities, which will include movement games, storytelling, crafts, art, forest exploration, and time to make new friends.

FOREST SCOUT SKILLS

July 8th-11th 2024
5-14 year olds

Made for scouts, all scouts, any scouts: girls, boys, sparrows, come as you are. We will focus on forest skills and knowledge such as first aid, whittling, compass skills, tracking, and environmental stewardship. We will be creating the week of activities with camper input so that each day is filled with activities that are interest-based and hands-on. Every activity will be scaled and supported to meet the needs of the individual.
